"This is not murder. It is a political necessity. It will make my friend Arthur president, and save the republic. ... I leave my justification to God and the American people." - Charles Guiteau  
In 1880, Civil War veteran James Garfield was running as a Republican for president, and

one of his supporters was a man named Charles Guiteau, who wrote and circulated a speech called "Garfield vs. Hancock" that aimed to rally support for the Republican candidate. Though few knew it, Guiteau's family had already deemed him insane and attempted to keep him committed in an asylum, only to have him manage an escape from confinement. Garfield went on to narrowly edge Winfield Scott

Hancock in the election, and Guiteau, harboring delusions of grandeur, believed he had helped tip the scales in Garfield's favor. As such, he believed that he was entitled to a post in Garfield's nascent administration, perhaps even an ambassadorship, and he continued to rack up debts while operating under the assumption that he would soon have the government salary to pay them back. However, despite lobbying

---

around  
Republican  
headquarters in  
New York City  
and even  
approaching  
Cabinet  
members, no  
post was  
forthcoming for  
the troubled  
man. Eventually,  
in May 1881,  
Secretary of  
State James  
Blaine told him  
to never show  
up again.  
Enraged by the  
perceived slight,  
Guiteau bought a  
revolver and  
plotted to kill the  
president. He  
got his chance  
on July 2, 1881  
at a railroad  
station, shooting  
Garfield in the  
back twice and

bragging to the  
authorities, "I  
am a Stalwart of  
the Stalwarts...A  
rthur is  
president now!"  
In reality,  
Garfield would  
live for nearly 3  
more months,  
and the poor  
standards of  
medical care in  
the 1880s would  
end up being  
responsible for  
the fact he did  
not survive  
wounds that he  
would've  
survived at the  
end of the 19th  
century. Indeed,  
Guiteau would  
cite medical  
malpractice at  
trial, stating, "I  
deny the killing,  
if your honor  
please. We admit

the shooting."  
Those kinds of  
statements and  
his generally  
odd behavior  
helped ensure  
Guiteau's  
lawyers would  
claim he was  
insane, one of  
the first high  
profile attempts  
to use that as a  
defense against  
a crime.  
However, that  
never had much  
chance of  
succeeding, and  
claims of  
insanity were  
heartily rejected  
by prosecutors.  
George Corkhill,  
a D.C. district  
attorney and  
member of the  
prosecuting  
team, insisted,  
He's no more

---

insane than I am. There's nothing of the mad about Guiteau: he's a cool, calculating blackguard, a polished ruffian, who has gradually prepared himself to pose in this way before the world. He was a deadbeat, pure and simple. Finally, he got tired of the monotony of deadbeating. He wanted excitement of some other kind and notoriety... and he got it." Throughout his trial, which was all but a foregone conclusion, Guiteau kept up

the bizarre antics, including singing in the court, passing notes back and forth with members of the crowd watching the trial, and even openly planning his own 1884 presidential campaign. Of course, those plans were all for naught, because after he was convicted in January 1882, Guiteau was hanged on June 30 of that year. To the end, Guiteau acted oddly, including dancing his way up to the scaffold and reciting a poem

he had written as his last words before he met his fate at the gallows. Garfield was the 2nd president to be assassinated after Abraham Lincoln, and today he is often remembered as one of the presidents to die in office after being elected every 20 years starting with William Henry Harrison's 1840 election through John F. Kennedy's 1960 election. The Assassination of President James Garfield: The History and Legacy of the President's

Standard Ebooks "Traumatic or adverse experiences are pervasive among school-aged children and youth. These experiences undermine students' ability to learn, form relationships, and manage their feelings and behaviour. Meanwhile, educators and school-based professionals often remain unaware of the complex needs of their students or how to meet them within the hours of the

typical school day, all while possibly dealing with their own stressors. Supporting and Educating Traumatized Students: A Guide for School-Based Professionals provides a practically oriented tool for understanding and assisting students with a history of trauma. Designed specifically for professionals in mental health and education settings, this volume combines content and expertise from

---

practitioners, researchers, and other experts with backgrounds in education, school psychology, school social work, school administration, resilience, school policy, and trauma. The book provides a thorough background on current research in trauma and its impact on school functioning; administrative and policy considerations; and a broad set of practical and implementable strategies and resources for adapting and

differentiating instruction, modifying the classroom and school environments, and building competency for students and staff impacted by trauma. Rather than provide complex treatment protocols, the chapters in this book offer simple techniques and strategies designed for all types of educational environments within the context of multiple potential sources of trauma.

Supporting and Educating Traumatized Students is an essential resource for classroom teachers, administrators, and school-based professionals, as well as courses that address crisis, trauma, and education across a broad spectrum of specializations."--
