Most pop songs are short-lived. They appear suddenly and, if they catch on, seem to be everywhere at once before disappearing again into obscurity. Yet some songs resonate more deeply—often in ways that reflect broader historical and cultural changes. In Footsteps in the Dark, George Lipsitz illuminates these secret

meanings, offering imaginative interpretations of a wide range of popular music genres from jazz to salsa to rock. Sweeping changes that only remotely register in official narratives, Lipsitz argues, can appear in vivid relief within popular music, especially when these changes occur outside mainstream white culture. Using a wealth of revealing examples, he discusses such topics as the emergence of an African American techno music subculture in Detroit as a contradictory case of digital capitalism and the prominence of banda, merengue, and salsa music in the 1990s as an expression of changing Mexican, Dominican, and Puerto Rican nationalisms.

Approaching race and popular music from another direction, he analyzes the Ken Burns PBS series *Jazz* as a largely uncritical celebration of American nationalism that obscures the civil rights era's challenge to racial inequality, and he takes on the infamous campaigns to censor hip-hop and the radical black voice in the early 1990s. Teeming with astute observations and brilliant insights about race and racism, deindustrialization, and urban renewal and their connections to music, *Footsteps in the Dark* puts forth an alternate history of post-cold war America and shows why in an era given to easy answers and clichéd versions of history, pop songs matter more than ever.

George Lipsitz is professor of black studies and sociology at the University of California, Santa Barbara. Among his many books are *Life in the Struggle*, *Dangerous Crossroads*, and *American Studies in a Moment of Danger* (Minnesota, 2001). *Of Mice and Men Following in the Footsteps* Canada's best-known storyteller, Dan Yashinsky, lives his life as teller and listener, and shows how storytelling can and does create vital connections between individuals, communities and families. In an age of instant messaging, entertainment systems and digital interaction, why is it

that more and more people are being drawn to the art of oral storytelling? As Dan Yashinsky, one of Canada's most well-known and beloved storytellers shows, an old tradition has become the new avant-garde. Storytelling is still very much alive in this digital age: it connects us to each other, to our communities and to our past. In fact, people are as hungry as they've ever been for the wisdom and solace of told stories. But they are also looking for stories that will speak to our post-modern, fractured, apocalyptic age. Suddenly They Heard Footsteps is

part memoir, part instruction, part cultural history, and includes tales that Dan has told to wide acclaim. By turns humorous, inspiring, instructive and philosophical, Dan shows us that, like love, stories mean the most the very moment we give them away. The Footsteps of Israel Abrams Take a stroll through Édith Piaf's Belleville, dine at Napoléon's favorite restaurant, and explore the late-night haunts of Ernest Hemingway, Josephine Baker, and Pablo Picasso. From the author of the best-selling City Walks: Paris deck, this lively collection

of walking adventures follows in the footsteps of more than 25 of the city's iconic former residents. Throughout, Paris is seen from the intimate vantage point of those who loved it best, from the bars where authors penned classic works to the markets and patisseries where food lovers indulged. Including photos and full-color maps throughout, each walk in this book guides visitors and locals through the city that inspired some of the world's most famous artists, writers, chefs, musicians, politicians, and more.

The haunting true
story of the elusive
serial rapist turned
murderer who

terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. Introduction by Gillian Flynn • Afterword by Patton Oswalt “ A brilliant genre-buster.... Propulsive, can ’ t-stop-now reading. ” —Stephen King For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle McNamara, a true crime journalist who created the

popular website TrueCrimeDiary.com, was determined to find the violent psychopath she called "the Golden State Killer." Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. I ’ ll Be Gone in the Dark—the masterpiece McNamara was writing at the time of her sudden death—offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman ’ s obsession and her unflagging pursuit of the truth. Utterly original and compelling, it has been hailed as a modern true

crime classic—one which fulfilled Michelle's dream: helping unmask the Golden State Killer. In Her Footsteps Post Hill Press Known as "the Leopard," the president of Zaire for thirty-two years, Mobutu Sese Seko, showed all the cunning of his namesake -- seducing Western powers, buying up the opposition, and dominating his people with a devastating combination of brutality and charm. While the population was pauperized, he plundered the country's copper and diamond

resources, downing pink champagne in his jungle palace like some modern-day reincarnation of Joseph Conrad's crazed station manager. Michela Wrong, a correspondent who witnessed Mobutu's last days, traces the rise and fall of the idealistic young journalist who became the stereotype of an African despot. Engrossing, highly readable, and as funny as it is tragic, *In the Footsteps of Mr. Kurtz* assesses the acts of the villains and the heroes in this fascinating story of the Democratic

Republic of Congo. [Let Me Die in His Footsteps](#) HarperCollins
In 1933, the eighteen year old Patrick Leigh Fermor set out in a pair of hobnailed boots to chance and charm his way across Europe, like a tramp, a pilgrim or a wandering scholar . The books he later wrote about this walk, *A Time of Gifts*, *Between the Woods and the Water*, and the posthumous *The Broken Road* are a half-remembered, half-reimagined journey through cultures now extinct, landscapes irrevocably altered by the traumas of the twentieth century.

Aged eighteen, Nick Hunt read *A Time of Gifts* and dreamed of following in Fermor's footsteps. In 2011 he began his own great trudge - on foot all the way to Istanbul. He walked across Europe through eight countries, following two major rivers and crossing three mountain ranges. Using Fermor's books as his only travel guide, he trekked some 2,500 miles through Holland, Germany, Austria, Slovakia, Hungary, Romania, Bulgaria and Turkey. His aim? To have an old-fashioned adventure. To slow down and linger in a world where we pass by so much, so fast. To discover for

himself what remained of hospitality, kindness to strangers, freedom, wildness, adventure, the mysterious, the unknown, the deeper currents of myth and story that still flow beneath Europe's surface.

Footsteps of Federer Running the Goat
Roger Federer could live anywhere in the world, but he always returns to the place he loves most: Switzerland. Dave Seminara is a mad traveler and tennis lifer who has written about Federer for The New York Times and other

publications. A pair of autoimmune diseases and a knee surgery kept Dave from playing tennis for years, but as he inched toward recovery, he had a bright idea: why not start his tennis comeback on hallowed ground—courts that his hero Roger Federer graced in Switzerland. Footsteps of Federer is a funny, novella-length account of Seminara's travels across seven Swiss cantons in search of insights into Federer's character, which is inextricably linked to his deep roots in,

and love for, his country. Seminara timed his unique pilgrimage to the 2019 Swiss Indoors, where he had a chance to ask Roger a number of offbeat questions before and after Federer hoisted his record tenth title there. Seminara's Federer pilgrimage took him to Switzerland's most important abbey, where he prayed with Abbot Urban Federer; to the vineyard of Jakob Federer from Berneck, where the Federer clan originated from; to the stunning villa where Roger and Mirka were

married; and to many of the neighborhoods and tennis clubs where Roger has lived and trained at over the years.
