Dive into the history of Maxim Maresh, the stern king and adoptive father of Kell from the Shades of Magic trilogy, from the pen of New York Times #1 bestselling author V.E. Schwab herself! Two hundred years have passed since the Worlds were magically sealed off from one another. Red London, the capital of Arnes, thrives under the rule of the Maresh Empire. But when King Nokil Maresh learns that his son, Prince Maxim, is fixated on other Londons instead of his own, he sends him on a dangerous military excursion in the hope of focusing the Prince's attention. Maxim's destination? Verose – better known as the Blood Coast – a dangerous port city with a reputation for trouble. Within minutes of his arrival, he's faced with crooks, thieves, con artists and brawlers... Worse, the infamous pirate queen Arisa, feared by outlaws and soldiers alike, has just pulled into port. Beautifully illustrated by Andrea Olimpieri (Dishonored) and expertly colored by Enrica Eren Angiolini (Doctor Who: The Thirteenth Doctor), this thrilling, never-before-told story reveals the secrets of one of the most compelling characters in modern fantasy! The Complete Hard Case Crime Stephen King Collection Red Feather

Throughout the 1960s and 70s, London-based Big O Posters helped define the new and democratic art medium of the psychedelic poster, a vehicle for rebellion against the old order that went hand in hand with the music, literature, and film of the time. This is a comprehensive collection of works published by Big O artists, astonishingly creative folks whose artistry developed almost completely outside the influence of the art establishment. Included in more than 300 images are works by 19 artists, including Martin Sharp, Roger Dean, H.R. Giger, Robert Venosa, and Vali Myers whose signature styles include sci-fi, fantasy, visionary, botanical, and surrealism. In addition to hundreds of original works, this book digs below the surface to offer insights and anecdotes about the era, the artistic process, and reveals connections to artists from the past (Aubrey Beardsley, Alphonse Mucha, Kay Nielsen) whose spirit chimed with the age of Big O Posters.

Ten years after the release of Return of the Jedi, the Topps Company reintroduced the Star Wars universe to collectors with a series of trading cards. Illustrated by the biggest names in science fiction, fantasy, and comics--including Kyle Baker, Moebius, Jon J Muth, William Stout, and Walter Simonson--George Lucas's galaxy is reinterpreted in each artist's style, portraying favorite characters, re-creating classic moments, and even inventing new scenes the illustrators always wanted to see. These trading-card images became instant fan favorites and the benchmark for visual reinterpretations of Star Wars to come. For the first time, this collection showcases the complete New Visions series; rare promotional images; an introduction and commentary by Gary Gerani; and an afterword by Drew Struzan, and cover art by Boris Vallejo. Best Works of Aubrey Beardsley Rockport Publishers

The windmill on the top of the hill swelled with pride whenever someone looked up at him. And even though he pretended not to be, he was very proud of himself as well! Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

House Beautiful Red Feather

Brazil's bird diversity is one of the richest in the world. And yet there has never been a comprehensive field guide to this splendid and elusive avifauna. Until now. The carefully vetted text and images are the first to cover the full range of bird life in this vast and varied country. The more than 1800 up-to-date accounts treat the Yellow-nosed Albatross to the Sombre Hummingbird, the Ash-throated Gnat-eater to the Black-bellied Whistling-Duck, Nighthawks and Jacamars to Motmots, Puffbirds, and Peppershrikes. They are all here--every species and many subspecies found in each region of Brazil--with special attention given to the 218 Brazilian endemics. The book is laid out so that the illustrations sit across from the commentary and the distribution maps, so it is easy to use. Also, the author uses short-hand notation throughout, to make the book compact and easy to carry when in the field. For each bird, the scientific, English, and Portuguese name are given as well as detailed information on measurement; identifying features; habitat; voice, song, and call. Distribution maps show the range for each species, also indicating seasonality and occurrence, essential for finding and identifying specific birds. From the equatorial North to the tropics, the introductory paragraphs set the stage in describing Brazil's varied biogeography, climate, geomorphology, and natural vegetation. A list of protected areas of Brazil, information on relevant national and international organizations, a bibliography and further references, and an English-Portuguese dictionary of frequently used terms enhance the user-friendly qualities. Anyone wishing to fully explore the fabulously varied bird life of Brazil will find this light-weight, easy-to-use, attractive guide an invaluable field companion.
