Discover the (surprising) secret to lifelong financial freedom with real estate investing. Real estate has always been a powerful tool for investing, and many people believe that a single-family home investment strategy will help them achieve their goals. However, the true path to financial freedom using real estate is found in apartment buildings. Real estate investing expert and author Michael Blank learned that once investors did their first deal, the curious "Law of the First Deal" led to the second and third deals in rapid succession. Most were able to quit their jobs within 3-5 years of getting started. Of course, when most people hear "apartment buildings" they immediately assume they need years of investing experience and money saved up to be able get into the game. This simply isn't true. Michael has compiled the results of his research into his new book, Financial Freedom with Real Estate Investing: The Blueprint to Quitting Your Job with Real Estate - Even without Experience or Cash. He's outlined the "Financial Freedom Blueprint" that guides you through your first multifamily deal, even if you have no prior experience or your own cash.

Real estate investing can be very satisfying. It gives you the opportunity to work for yourself and independently make money on a consistent basis. It also gives you financial freedom and peace of mind, because you can work whenever you feel like it. You will never have to clock in or deal with office politics. You are not held responsible by your boss, because you are the boss. However, real estate does require work and the competition is fierce. Nowadays, with information so freely available on the internet and in books, many people do not want to climb the corporate ladder. And who blames them. No one feels like working 30-40 years for companies with only 3 weeks of paid time off, barely making enough money to live off, invest for your future and put a roof over you or your family ' s head. The new trend is to retire early and enjoy a somewhat stress free life. Real estate can truly fulfill this promise and just keep in mind... if you don ' t do it, then your next door neighbor will!
