Women are naturally healers. Throughout time, they have performed

curative roles as mothers, midwives, caregivers, and wisewomen, but modern medicine has suppressed this important tradition. Ancient women healers knew that the body is more than what is seen: through body, emotions, mind, and spirit, we can connect with the Goddess and actively choose to heal ourselves and others. By relearning and using ancient skills like aura and chakra work, creative visualization, meditation, laying on of hands, psychic healing,

and working with crystals and gemstones, women can prevent or transform many dis-eases of the body and spirit before they become matters for modern medicine. In **THE WOMEN'S BOOK OF HEALING**, Diane Stein, author of the best-selling **ESSENTIAL REIKI**, demystifies, explains, and teaches these skills in ways that modern women can learn and use. She first introduces basic healing, then applies those skills to healing with

crystals and gemstones—a beautiful, effective, and empowering aspect of the ancient woman's healing methods. A comprehensive guide from a knowledgeable healer, **THE WOMEN'S BOOK OF HEALING** proves that well-being is within a woman's choice and natural abilities, and reaffirms her timeless role as healer of herself and others. • An affirmation of woman's traditional role as healer, speaking to a national trend toward alternative medicine and natural healing

methods. •
Demystifies, explains, and teaches the healing capabilities of auras, chakras, laying on of hands, crystals, gemstones, and colors. •
Thoroughly revised and updated, with a new introduction. •
Diane Stein's books have sold more than 600,000 copies.

"Minha esperança é que, ao examinarmos as características de Deus e

revisarmos sua fidelidade para com homens e mulheres comuns, sejamos inspirados a confiar nele de maneira plena." Charles R. Swindoll Aqui está uma pergunta direta: "Você pode confiar em Deus?" Há duas maneiras de encarar esta questão. "Você pode confiar em Deus?" Isto é, Deus é confiável em tempos de necessidade? Ele irá cumprir suas promessas? Ou, em segundo

lugar, podemos perguntar: "Você pode confiar em Deus?" Você tem um relacionamento com Deus tão próximo e tem tamanha confiança nele que acredita que ele está com você sempre, mesmo que não veja nenhuma evidência de sua presença e seu poder? Heart of the Living God iUniverse This inspiring story of love and self-discovery tells how Ruth Bohle, the pampered American wife of

Murray Can your enchantment with the beauty of

nature lead you to the presence of God? Theresa, a sinner and mystic, is in search of the presence of God. You walk with her in the park, where animals unexpectedly become messengers. Survivor of a turbulent dark night of the soul, her pugnacious and relentless love of God leads her to an old vagabond in the park. His presence is extremely annoying and unexpected. Who is this man, in crumpled clothing, sitting in the middle of Theresa's bench? Irritated by his presence, she is horribly rude, only to find he is wise beyond expectations. They

share stories, and Theresa explores secrets in her soul, finding divine providence within her life as a psychologist working with a wounded humanity. Confiança plena Wipf and Stock Publishers Maness asks us to tie up our sneakers, for we are going to have some fun as we hike into the Grand Canyon of Love. Love is the treasure of life. It is Love all the way. Nothing else really matters outside of Love. Best of all, our Love will only get better in heaven. The treasured ability

to have loving relationships is Gods gift to us in our Imago Deithe image of God we all share. Likewise, what we know of Love this side of heaven is but a dusty image of what God experiences. I want to get personally involved, says Maness. Can we have a free-will relationship with anyone, even God, if all of what we do and think is settled? I dont think so. Love is greater than that, and I shall prove that, and that is indeed a Grand

Canyon. Manes brings some of the brain-splitting complexities of this to light with good humor, introduces dynamic foreknowledge, and challenges Classical Theisms avoidance of Love. And he exposes some foul play in the process. Thats the first half of the book. For those wanting to strike out on their own (wanting to see more of the depth and diversity of the Grand Canyon), the second half contains reviews

of about 60 major authors, a 4,000+ Abysmal Bibliography, and a huge index to just about everything in the book. Maness has thrown a gauntlet before the Classical Theists. So tie up your sneakers and take a hike with Michael G.
