Tobías o La cárcel a la vela Cambridge University Press
The social unconscious is

vital for understanding persons and their groupings, ranging from families to societies, committees to organisations, and from small to median to large therapeutic groups, and

essential for comprehensive clinical work. This series of volumes of contributions from an international network of psychoanalysts, analytical psychologists, group analysts and psychodrama tists draw on

the classical and social ideas of Freud, dreaming. Klein and Jung, Bridging the Atlantic Bion, Foulkes Editorial Jurídica de and Moreno, and Chile on contemporary Matar a la madre relational patria cuenta la perspectives, historia de la self-psychology construcción de las and repúblicas neuroscience. latinoamericanas Volume 1 is desde un punto de concerned vista muy particular: mainly with the el antiespañolismo, theory of the una perspectiva social conocida, pero que unconscious. It hasta este libro no se is focused on había tratado de topics such as manera completa. El location, escenario de este sociality, the homicidio no es el social brain, campo físico de la identity, batalla, sino las ideology, the mentes de los foundation políticos más matrix, social importantes del siglo psychological XIX latinoamericano: retreats, false Alberdi, Bello, collective self-Bolívar, Echeverría, objects, the Bolívar, Echeverría, collective Lastarria, Miranda o unconscious and Sarmiento. En esta its archetypes obra no se narra una

revuelta voluntariamente gatopardesca, sino una revolución total que busca borrar la herencia española de todos los lugares simbólicos en los que la sociedad criolla se entendía a sí misma: política, economía, raza y religión. El antiespañolismo es la causa y el programa de la independencia para convertirse en el eje temporal por el que se expanden las repúblicas recién creadas. Es también la historia de una pasión que va debilitándose y desapareciendo con el paso del siglo, pero, a su vez, es la confirmación de un trauma identitario que, todavía en las más proespañolas décadas del siglo XX y XXI, servirá para explicar, justificar y desresponsabilizarse

del fracaso republicano. Bases y Puntos de Partida para la Organizaci ó n Pol í tica de la Rep ú blica Argentina (Classic Reprint) Rowman & Littlefield Latin American Constitutions provides a comprehensive historical study of constitutionalism in Latin America from the independence period to the present, focusing on the Constitution of C á diz, a foundational document in Latin American constitutionalism.

Although drafted in Spain, it was applied in many regions of Latin America, and deputies from America formed a significant part of the drafting body. The politicization of constitutionalism reflected in Latin America's first moments proved to be a lasting legacy evident in the legal and constitutional world of the region today: many of Latin America's present challenges to establishing effective constitutionalism can be traced to the debates, ideas, structures, and assumptions of this

text. This book explores the region's attempts to create effective constitutional texts and regimes in light of an established practice of linking constitutions to political goals and places important constitutional thinkers and regional constitutions, such as the Mexican Constitution of 1917, into their legal and historical context.

Observaciones sobre el folleto intitulado Bases y puntos de partida para la organizaci ó n pol í tica de la Republica

Argentina ... por Juan Bautista Alberdi, abogado en Chile y en Montevideo
Cambridge University Press
Producida la derrota de Juan Manuel de Rosas como consecuencia de la batalla de Caseros, el 3 de febrero de 1852, Alberdi se puso a escribir un tratado sobre la futura constitución argentina. Esta fue su principal obra a la que denominó "Bases y Puntos de Partida para la Organización Política de la República Argentina", tratado de

derecho público editado por la imprenta del periódico El Mercurio, de Valparaíso. Este libro lo llevó a la fama, tardó apenas algunas semanas en escribirlo y lo publicó en mayo de ese mismo año.
An Introduction to Latin American Philosophy
Siglo XXI
Tratado de derecho público que se convirtió en una de las principales fuentes de la Constitución de la Nación Argentina de

1853. Su autor se propuso al escribirlo bosquejar el mecanismo de las leyes que sustentan la civilización moderna y señalar la manera de concebir sus instituciones.
Organización Política y Económica de la Confederación Argentina
Biblioteca Cervantes Virtual
Containing roughly 850 entries about Spanish-language literature throughout the world, this expansive work provides coverage of the

varied countries, ethnicities, time periods, literary movements, and genres of these writings. • Contains roughly 850 A – Z entries related to Spanish-language literature and related topics throughout the world, from the Middle Ages up to the present day • Includes contributions from nearly 200 scholars from the Americas, Europe, Asia, and Australia • Provides bibliographies containing major English-language print reference works, free electronic sources with peer-reviewed information, major academic websites, and well-established electronic journals • Contains an extended glossary of literary and cultural terms such as "subaltern" and basic cultural features of Hispanic society, such as "el barrio" and "Negrismo" • Includes a chronological appendix containing entries organized by date El Eco del mundo catolico SUNY Press This volume examines the unprecedented growth of several cities in Latin America from 1830 to 1930, observing how sociopolitical changes and upheavals created the conditions for the birth of the metropolis. In the century between 1830 and 1930, following independence from Spain and Portugal, major cities in Latin America experienced large-scale growth, with the development of a new urban bourgeois elite interested in projects of modernization and rapid industrialization. At the same time, the lower classes were eradicated from old city districts and deported to the outskirts. The Metropolis in Latin America, 1830 – 1930

surveys this expansion, focusing on six capital cities—Havana, Mexico City, Rio de Janeiro, Buenos Aires, Santiago de Chile, and Lima—as it examines sociopolitical histories, town planning, art and architecture, photography, and film in relation to the metropolis. Drawing from the Getty Research Institute 's vast collection of books, prints, and photographs from this period, largely unpublished until now, this volume reveals the cities ' changes through urban panoramas, plans depicting new

neighborhoods, and photographs of novel transportation systems, public amenities, civic spaces, and more. It illustrates the transformation of colonial cities into the monumental modern metropolises that, by the end of the 1920s, provided fertile ground for the emergence of today ' s Latin American megalopolis. *Bases y puntos de partida para la organizaci ó n politica de la Rep ú blica argentina* John Wiley & Sons Contains roughly 850 entries on both major and minor authors, themes,

genres, and topics of Spanish literature from the Middle Ages to the present day. Describes the growing diversity within national borders, the increasing interdependence among nations, and the myriad impacts of Spanish literature across the globe. [A Companion to Latin American Literature and Culture](#) Cambridge University Press Through its focus on artistic intermediality,

Afterlives of Romantic Intermediality addresses the manifold, even global artistic developments that were initiated by European Romantics. The contributions herein demonstrate the intriguing aspects of modernity and postmodernity embodied in intermedial connections. Setting new standards for research on intermedial links extending from Romanticism up to the present day, this encompassing volume is valuable for all those with a profound interest in the development of the arts after Romanticism. Estado de derecho Getty Publications Harbinger of Modernity: Marcos Aguinis and the Democratization of Argentina provides an integrated analysis of Aguinis' s civic work and literary oeuvre, illuminating the intersection between the role of Jews and public intellectuals in a dialectic and transnational process of modernization. Bibliograf í a jur í dica de Am é rica Latina, 1810-1965 Forgotten Books Latin American philosophy is best understood as a type of applied philosophy devoted to issues related to the culture and politics of

Latin America. This introduction provides a comprehensive overview of its central topics. It explores not only the unique insights offered by Latin American thinkers into the traditional pre-established fields of Western philosophy, but also the many 'isms' developed as a direct result of Latin American thought. Many concern matters of practical ethics and social and

political philosophy, such as Lascasianism, Arielism, Bolívarism, modest and immodest feminisms, republicanism, positivism, Marxism, and liberationism. But there are also meta-philosophical 'isms' such as originalism and perspectivism. Together with clear and accessible discussions of the major issues and arguments, the book offers helpful

summaries, suggestions for further reading, and a glossary of terms. It will be valuable for all readers wanting to explore the richness and diversity of Latin American philosophy. Pensamientos políticos y económicos Tecnos Relato breve que transcurre a bordo de un velero y narra las peripecias de un viaje de regreso a Argentina desde Europa, pasando por Francia, España y Cuba. Su autor, Juan Bautista Alberdi, fue

también el autor intelectual de la Constitución Argentina de 1853. Evolución histórica y jurídica de los procesos de integración de la Unión Europea y el Mercosur
Wentworth Press

historical and contemporary Latin American philosophy available today
Comprises a specially commissioned collection of essays, many of them written by Latin American authors
Examines the history of Latin American philosophy and its current issues, traces the development of the discipline, and offers biographical sketches of key Latin American thinkers

Showcases the diversity of approaches, issues, and styles that characterize the field

The Crime of War ABC-CLIO Beyond Civilization and Barbarism

examines the role of cultural production in the struggle for power in Argentina during the first half of the nineteenth century.

Identifying the pueblo, or people, as the common preoccupation of those vying to legitimize competing political projects, it argues that this decisive period of

Latin American history was marked by a fundamentally modern debate to define the constitutive parts of the nation.

Historical Dictionary of Argentina

We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works." Bases y Puntos de Partida para la Organizaci3n Pol3tica de la Rep3blica Argentina Biblioteca Cervantes Virtual "Este libro se propone analizar algunos de los conceptos que fueron clave en el

per3odo inaugural de la vida pol3tica independiente en Argentina: ciudadano/vecino, constituci3n, derechos/derecho, liberal/liberalismo, naci3n, opini3n p3blica, patria, pueblo/pueblos, rep3blica, revoluci3n, unida d/federaci3n, y el concepto articulador de soberan3a. Desde la perspectiva de la historia de los conceptos, atenta a los ritmos desiguales y cambiantes en la relaci3n entre el concepto y su contexto, se despliegan las singulares historias de esos vocablos, as3 como de sus

nexos con la compleja vida política del período; para descubrir que sus significados no fueron unívocos. Tampoco se ubicaron en una simple línea de continuidad con los sentidos que hoy solemos atribuirles. El libro aspira, así, a mejorar el conocimiento de la historia política y socio-cultural de la primera mitad del siglo XIX, y a servir de instrumento de apoyo para todos aquellos que se interesen por los lenguajes políticos."--Descripción del editor.
The Formation and Transmission of Western Legal

Culture Taylor & Francis
Los procesos de integración regional que llevan varias décadas de existencia, tanto en América Latina como en Europa, han obligado a los países que los protagonizan a hacer una profunda reflexión sobre los modos de legislar los nuevos aspectos que surgen de esa integración. En este volumen, un significativo número de especialistas analiza las transformaciones operadas a lo largo de los años en la organización jurídica de los

bloques regionales del Mercosur y de la Unión Europea. Los temas de reflexión abordados se despliegan en un multifacético abanico que incluye problemáticas asociadas a la historia, al derecho, a la economía, a la educación, a la circulación por los territorios comprendidos en el bloque y a otras cuestiones. Asimismo, también presentan interrogantes a propósito de los alcances logrados y de las asignaturas pendientes.
