Two children sitting at home on a rainy day meet the cat in the hat who shows them some tricks and games.
Essential Elements Jazz Play-along - the Blues Hal Leonard Publishing Corporation (Essential Elements Guitar). Essential Elements for Guitar, Book 2 is a continuation of the concepts and skills taught in Book 1 and includes all of its popular features as well - great songs in a variety of styles, quizzes, music history, music theory, and much more. Concepts taught in Book 2 include: playing melodically in positions up the neck; playing movable chord shapes up the neck; playing scales and extended chords in different keys; more right-hand studies; fingerpicking and pick style; improvisation in

positions up the neck; studying different styles through great song selections; and more!

Teaching Music Improvisation with Technology

Hal Leonard Corporation
Incorporating technology in music classrooms can take the mystery out of improvisation. What music technology does is establish a strong foundation for chord, scale, phrase, ear training, and listening exercises, creating a solid backdrop for student expression. As author and educator Mike Fein shows, technology is a valuable tool that can be used effectively to supplement student practice time while also developing the skills necessary to become a proficient improviser. Complete with notated exercises, accompaniment tracks, and listening resources, this book gives teachers methods to set their students free to make mistakes and to develop their own ear for improvisation at their own pace. Broken down into significant areas of music technology, each chapter focuses on developing a new skill and guides readers to tangible outcomes with the assistance of hands-

on activities that can be immediately implemented into the classroom. In addition to these hands-on activities, each chapter provides the reader with an "iPad Connection" to various iOS applications, which allows teachers and students another, albeit significantly less expensive, medium through which to learn, share, and create art. This book will appeal to music educators of students in grades K-12. It will serve collegiate music education courses secondarily, and will also appeal to those music educators who work with improvisation and technology.

First 50 Jazz Standards You Should Play on Piano Hal Leonard Publishing Corporation

Essential Elements for Jazz Ensemble Hal Leonard Corporation

(String Method). Introducing the Positions , a series widely used in classroom and private studio, represents a critical "next step" for string students. Position playing allows players to extend range beyond the basics and move into the ranks of intermediate and advanced ensemble groups. The most important positions vary for each instrument, and Whistler wisely introduces the most-used positions first in Volume 1, followed by the next most important in Volume 2. An irreplaceable component for every string student's training!

Mel Bay's Complete Jazz Flute Book
Oxford University Press

This book presents a practical method for the construction of hexatonic scales that are useful for both the improviser and composer. Many modern piano players use hexatonic voicings by stacking the triads to create a particular harmony. Using hexatonic voicings and lines can lend a very contemporary sound.

[Essential Elements for Guitar, Book 1](#)

(Music Instruction) Alfred Music Publishing
(Instrumental Jazz). Mike Steinell's follow-up book to his popular Essential Elements for Jazz Ensemble features a wealth of instructional material that can be used in a full band setting or individually. After a brief review of style basics, this comprehensive method includes a section of daily warm-ups and workouts for rehearsal, followed by a variety of lessons covering specific styles and improvisation concepts. Each lesson ends with a full band performance piece. Take your students to the next level with this masterful approach! Features * Review of important concepts from Book 1 * Warm-ups and workouts for the start of rehearsals * Lessons covering a variety of jazz styles and improvisation concepts * Nine rewarding full band pieces that reinforce each lesson * Information on the cities, regions, and people influencing the evolution of jazz * Recordings of all exercises, including full band arrangements and sample solos* * Grade/Level 3 * Each book

includes an access code for audio files on "MyLibrary" (internet required.) Audio is accessed online using the unique code inside the book and can be streamed or downloaded. The audio files include PLAYBACK+, a multi-functional audio player that allows you to slow down audio without changing pitch, set loop points, change keys, and pan left or right.
