A.J. Liebling's classic New Yorker pieces on the "sweet science of bruising" bring vividly to life the boxing world as it once was. It depicts the great events of boxing's American heyday: Sugar Ray Robinson's dramatic comeback, Rocky Marciano's rise to prominence, Joe Louis's unfortunate decline. Liebling never fails to find the human story behind the fight, and he evokes the atmosphere in the arena as distinctly as he does the goings-on in the ring--a combination that prompted Sports Illustrated to name *The Sweet Science* the best American sports book of all time.

La obra Escuela Cubana de Boxeo / Análisis de las acciones técnico-tácticas (SOBOX) nos acerca a una herramienta observacional elaborada para el análisis y descripción de las acciones técnico-tácticas del boxeo. La cual nos permitirá establecer las relaciones existentes entre los diferentes elementos del campo técnico de este deporte, el flujo de las conductas estratégicas, el uso del espacio, los contextos de interacción, así como las tendencias de las diferentes secuencias de acción que ocurren durante un combate o evento boxístico. Dada la importante variedad de posibilidades y combinaciones de acción en el boxeo, son muchas y muy variadas las conductas estratégicas que a priori puede presentar un competidor en este deporte y, por tanto, los diagnósticos emitidos por los técnicos (desde su percepción) tienden a ser muy subjetivos, irregulares y, por consiguiente, relativamente imprecisos. Por ello y, apoyados en la Metodología Observacional (MO), abordamos esta obra con la intención de cambiar esta realidad y establecer una herramienta observacional que permita analizar y describir las acciones técnico-tácticas del boxeo de rendimiento por medio de la utilización de parámetros científicos marcados por la MO. En definitiva la obra expone los aspectos medulares para la mejor comprensión del Sistema Observacional para el boxeo (SOBOX), que se ofrece como la solución al registro, análisis y predicción de los patrones de conducta del conjunto de acciones técnico-

tácticas en este deporte. Los contenidos que se desarrollan en la presente obra han sido resultados de la segunda investigación de carácter doctoral realizada por el autor, la cual representa la primera herramienta observacional, bajo estas premisas científicas, creada para el boxeo a nivel mundial.

Las artes marciales del este asiático se han ido implementando paulatinamente hasta llegar a formar parte de nuestra cultura. Como actividades procedentes de otros lugares trajeron consigo valores, ideas, símbolos y modos de conducta propios que, tras sufrir un choque cultural en los primeros tiempos, se han ido adaptando a las sociedades receptoras. En este libro nos centramos en el estudio etnográfico del taekwondo para analizar, desde los años 70 del siglo XX hasta la actualidad, sus prácticas y

discursos, así como los cambios que en este arte marcial han ido aconteciendo.

Continual improvement of technique is a crucial part of a kickboxing fighter's success. Good technique will turn a run-of-the-mill kick or punch into an effective attack against an opponent. *Kickboxing Training Drills* breaks down the key elements of kickboxing moves, and provides a reference guide that will allow fighters to examine and refine each element of their attack. It will help instructors and coaches hone a fighter's technical training to enable the student to perform to the best of their ability. The book helps to improve specific kickboxing attack and defense skills such as power, speed, timing, and precision; and concentrates on a fighter's finesse, stamina, and flexibility in order to better performance. Drills in each chapter are explained through step by step photography and text. Tables of timings and repetitions are provided for exercises for all levels of fitness, while useful tips and checklists for the exercises will help avoid injury and maximize drill effectiveness. The book looks at both solo-training drills and partner-training drills.

Cuando corres y el sol cae a plomo y el sudor te resbala por el entrecejo la tentación es ceder, frenar y respirar hondo para detener el ritmo acelerado de tu corazón. No puedes más. Eso crees. Si Magali Dalix estuviese a tu lado te animaría a seguir, te gritaría si hiciera falta y te recordaría que es tu mente, y no tu cuerpo, la que ha alcanzado su tope. "El límite no existe, lo creas y lo fijas tú", sostiene Magali. Esto es lo que le ha enseñado la experiencia y ahora lo comparte en *Reborn*, un recorrido por su carrera que emprendió de manera autodidacta cuando era una adolescente. Su relato desgrana los deleites (como los años de competición en aeróbico de competición) y los tropiezos (como

abandonar su sueño de ser instructora en Los Ángeles) que la han ayudado a renacer. En este libro, prologado por su gran amigo y usuario de la sala Josef Ajram, explica cómo mejorar a través del deporte. Cómo afrontar el día a día, aprender del fracaso para resurgir de nuevo y combatir los grandes males que afligen a la sociedad: el sedentarismo y la ansiedad. "Si logras ser honesto contigo mismo, sabrás dónde quieres ir y qué camino seguir para alcanzar tus sueños".

Sing, O goddess, the anger of Achilles son of Peleus, that brought countless ills upon the Achaeans. Many a brave soul did it send hurrying down to Hades, and many a hero did it yield a prey to dogs and vultures, for so were the counsels of Jove fulfilled from the day on which the son of Atreus, king of men, and great Achilles, first fell out with one another. And which of the gods was it that set them on to quarrel? It was the son of Jove and Leto; for he was angry with the king and sent a pestilence upon the host to plague the people, because the son of Atreus had dishonoured Chryses his priest. Now Chryses had come to the ships of the Achaeans to free his daughter, and had brought with him a great ransom: moreover he bore in his hand the sceptre of Apollo wreathed with a suppliant's wreath and he besought the Achaeans, but most of all the two sons of Atreus, who were their chiefs.

New York Times Bestseller: This true Depression-era story of a down-and-out

fighter ' s dramatic comeback is “ a delight ” (David Halberstam). James J. Braddock was a once promising light heavyweight. But a string of losses in the ring and a broken right hand happened to coincide with the Great Crash of 1929—and Braddock was forced to labor on the docks of Hoboken. Only his manager, Joe Gould, still believed in him. Gould looked out for the burly, quiet Irishman, finding matches for Braddock to help him feed his wife and children. Together, they were about to stage the greatest comeback in fighting history. Within twelve months, Braddock went from being on the relief rolls to facing heavyweight champion Max Baer, renowned for having allegedly killed two men in the ring. A brash Jewish boxer from the West Coast, Baer was heavily favored—but Braddock carried the hopes and dreams of the working class on his shoulders, and when he emerged victorious against all odds, the shock was palpable—and the cheers were deafening. In the wake of his surprise win, Damon Runyon dubbed him “ Cinderella Man. ” Against the gritty backdrop of the 1930s, Cinderella Man brings this dramatic all-American story to life, telling a classic David and Goliath tale that transcends the sport. “ A punchy read with touches of humor. ” —The New York Times “ A wonderful, thrilling boxing story, and simultaneously a meticulous look at Depression life. ” —Jimmy Breslin
