This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesas ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.

This open access book provides both a broad perspective and a focused examination of cow care as a subject of widespread ethical concern in India, and increasingly in other parts of the world. In the face of what has persisted as a highly charged political issue over cow protection in India, intellectual space must be made to bring the wealth of Indian traditional ethical discourse to bear on the realities of current human-animal relationships, particularly those of humans with cows. Dharma, yoga, and bhakti paradigms serve as starting points for bringing Hindu--particularly Vaishnava Hindu--animal ethics into conversation with contemporary Western animal ethics. The author argues that a culture of bhakti--the inclusive, empathetic practice of spirituality centered in Krishna as the beloved cowherd of Vraja--can complement recently developed ethics-of-care thinking to create a solid basis for sustaining all kinds of cow care communities. ; Offers a focused insight into a key aspect of Hindu religious practice Integrates primary research and tertiary sources to give a multifaceted understanding of the intricacies of cow care practice Challenges conventional Western thought on cow care and its worldwide implications for animal ethics.

In this sexy comedy, a feisty vampire queen is stuck in our world and brought low by the most terrifying prospect of all: a part-time job! Powerful vampiress Manamir is on the verge of world conquest, but when a teleportation spell goes awry, she finds herself stranded on Earth. Not only has she been flung into a world that 's not her own, she has lost the very power that defines a vampire: the ability to drink human

blood! Manamir has to make ends meet somehow, and she 's about to discover that it 's a hard world out there for a single working woman in this raunchy supernatural comedy! Preaching Vedanta Non-Duality "Fantasy and the supernatural, mingle with down-to-earth exposition of human predicament and realism and surrealism meet in a daring union....." - Manoj Das, novelist, Sahitya Akademi and Jnana Pith awardee. The Aryaman Trilogy spans five generations of ancient kings and stretches between natural and supernatural worlds. In the key of the symbolic tales of the Vedic cycle, the narrative carries the trace of an archaic human memory of the bridge between heaven and earth and the power of consciousness to conquer the distance between Matter and Spirit. Though set in a protohistorical past, the tale opens the horizons to an utopian future, where it is no longer Space which is the final frontier, but Time, or rather a Space-Time which flows seamlessly between material and archetypal universes. The battle between good and evil, or established cosmic hierarchies and the power of consciousness is transacted on earth and beyond it through symbolic events and mystical powers leading to the fulfillment of human possibility.

From Israel's leading historian, a sweeping history of 1967—the war, what led up to it, what came after, and how it changed everything Tom Segev's acclaimed works One Palestine, Complete and The Seventh Million overturned accepted views of the history of Israel. Now, in 1967—a number-one bestseller in Hebrew—he brings his masterful skills to the watershed year when six days of war reshaped the country and the entire region. Going far beyond a military account, Segev re-creates the crisis in Israel before 1967, showing how economic recession, a full grasp of the Holocaust's horrors, and the dire threats made by neighbor states combined to produce a climate of apocalypse. He depicts the country's bravado after its victory, the mood revealed in a popular joke in which one

soldier says to his friend, "Let's take over Cairo"; the friend replies, "Then what shall we do in the afternoon?" Drawing on unpublished letters and diaries, as well as government memos and military records, Segev reconstructs an era of new possibilities and tragic missteps. He introduces the legendary figures—Moshe Dayan, Golda Meir, Gamal Abdul Nasser, and Lyndon Johnson—and an epic cast of soldiers, lobbyists, refugees, and settlers. He reveals as never before Israel's intimacy with the White House as well as the political rivalries that sabotaged any chance of peace. Above all, he challenges the view that the war was inevitable, showing that a series of disastrous miscalculations lie behind the bloodshed. A vibrant and original history, 1967 is sure to stand as the definitive account of that pivotal year.

The Queen of Sheba is a famous legendary figure, first referred to in the Old Testament as bringing great riches to the court of Solomon. Later Jewish, Islamic, Ethiopian and Christian traditions dwell on different attributes, giving rise to a rich artistic vein, particularly but not exclusively in Renaissance and later art. The truth is that the Queen of Sheba remains an anonymous figure of legend associated with the land of Saba', one of the great early kingdoms of southern Arabia (present-day Yemen). The ancient caravan kingdoms of this region have fascinated travellers and scholars since the nineteenth century but our understanding of the history and culture of this region has been fundamentally revised as a result of new archaeological discoveries made in recent decades. This exhibition catalogue charts the story from the Queen of Sheba in art and legend to the archaeological evidence for the historic kingdoms that gave rise to the legend. It contains twelve essays by leading scholars from Britain, USA, Canada and Europe. Over 300 items are described and illustrated in colour, ranging from little-known artworks in UK collections to antiquities from Yemen, mostly never previously exhibited in Britain and providing a magnificent record of the riches of southern Arabia. The groundbreaking novel that propelled its author to literary stardom: told in a continuous monologue from patient to psychoanalyst, Philip Roth's masterpiece draws us into the turbulent mind of one lust-ridden young Jewish bachelor named Alexander Portnoy. Portnoy's Complaint n. [after Alexander Portnoy (1933-)] A disorder in which strongly-felt ethical and altruistic impulses are perpetually warring with extreme sexual longings, often of a perverse nature. Spielvogel says: 'Acts of exhibitionism, voyeurism, fetishism, auto-eroticism and oral coitus are plentiful; as a consequence of the patient's "morality," however, neither fantasy nor act issues in genuine sexual gratification, but rather in overriding feelings of shame and the dread of retribution, particularly in the form of castration.' (Spielvogel, O. "The Puzzled Penis," Internationale Zeitschrift f ü r Psychoanalyse, Vol. XXIV, p. 909.) It is believed by Spielvogel that many of the symptoms can be traced to the bonds obtaining in the mother-child relationship.

In the forest of insecurities, is it possible to discover humanity through pleasure? Can we

stop seeing each other as predator, prey, rival or mate, and rediscover ourselves as lovers? Does the divine reside in sensual delight, in emotional intimacy and in aesthetic experience? Yes, yes, yes. That is the promise of the Bhagavata. The Bhagavata is the story of Krishna, known as Shyam to those who find beauty, wisdom and love in his dark complexion. It is the third great Hindu epic after the Mahabharata and the Ramayana. However, this narration was composed in fragments over thousands of years, first as the Harivamsa, then as the Bhagavata Purana, and finally as the passionate songs of poet-sages in various regional languages. This book seamlessly weaves the story from Krishna's birth to his death, or rather from his descent to the butter-smear world of happy women to his ascent from the blood-soaked world of angry men.

Abhinav Bindra once shot 100 out of 100 in practice six times in a row and walked out of the range unhappy. He is a perfectionist who once soled his shoes with rubber from Ferrari tyres because he thought it would help. He would wake up at 3 am to practise at his range at home if an idea suddenly struck him. It is from such obsession that greatness arrives. Abhinav Bindra's journey to become the first Indian to win an individual Olympic gold, and the first Indian to win a World Championship gold, is a story of single-minded passion. The Olympics has been an all-consuming journey for him ever since he was shattering beer bottles and glass ampoules in his garden in Chandigarh. No obstacle was too hard to overcome, no amount of practice too much, no experiment too futile and no defeat so severe that it made a comeback impossible. Shattered by his failure at the 2004 Athens Olympics when a gold medal seemed imminent, he changed as a shooter: from a boy who loved shooting, he became an athlete bent on redemption, a scientist who would try anything - from mapping his own brain to drinking yak milk to climbing rock walls - to win at the Beijing Olympics

in 2008. His victory was not just a personal triumph, it was a gift to his nation, a breaking down of a sporting barrier that had stood for a century. Bindra's feat has taught his peers, and those yet to come, that an Olympic gold isn't an impossible dream. In ranges, on fields, in arenas, Indian athletes now own a new belief, they wear the knowledge that no challenge is beyond them. Helping to tell this remarkable story is sportswriter Rohit Brijnath, who collaborated with Bindra in producing this compelling autobiography of one of India's greatest sportsmen.

Fujiwara Teika is known as the premier poet and literary scholar of the early 13th century. It is not so widely known that he also tried his hand at fiction: *Mumy z shi* (Untitled Leaves; ca. 1201) refers to "several works" by Teika and then names *Matsura no miya monogatari* (The Tale of Matsura; ca. 1190) as the only one that can be considered successful. The work is here translated in full, with annotation. Set in the pre-Nara period, The Tale of Matsura is the story of a young Japanese courtier, Ujitada, who is sent to China with an embassy and has a number of supernatural experiences while there. Affairs of the heart dominate The Tale of Matsura, as is standard for courtly tales. Several of its other features break the usual mold, however: its time and setting; the military episode that would seem to belong instead in a war tale; scenes depicting the sovereign's daily audiences, in which formal court business is conducted; a substantial degree of specificity in referring to things Chinese; a heavy reliance on fantastic and supernatural elements; an obvious effort to avoid imitating The Tale of Genji as other late-Heian tales had done; and a most inventive ending. The discussion in the introduction briefly touches upon each of these features, and then focuses at some length on how characteristics associated with the poetic ideal of *yūen* inform the tale. Evidence relating to the date and authorship of the tale is explored in two appendixes.
