Sea Turtles National Geographic Children's Books A boy who has spent his life living inside a shell discovers the importance of taking chance in this "winner" (Booklist, starred review) of a friendship story that's perfect for fans of Wonder. Seventh grade is not going well for Will Levine. Kids at school bully him because of his funny-looking chin. And for his bar mitzvah community service project, he's forced to go to the hospital to visit RJ, an older boy struggling with an incurable disease. At first, the boys don't get along, but then RJ shares his bucket list with Will. Among the things he wants to do: ride a roller coaster, go to a school dance, swim in the ocean. To Will, happiness is hanging out in his room, alone, preferably with the turtles he collects. But as RJ's disease worsens, Will realizes he needs to tackle the bucket list on his new friend's behalf before it's too late. It seems like an impossible mission, way outside Will's comfort zone. But as he completes each task with RJ's guidance, Will learns that life is too short to live in a shell. "Everyone deserves a friend like Will Levine." --Lynne Kelly, author of Song for a Whale

Sensational Sea Creatures Aurora

Deep beneath the sand on a warm, tropical beach, a little sea turtle breaks out of its egg, crawls up through the sand, and emerges into the world. The ocean is just a few feet away, but numerous predators are waiting for the hatchling and its siblings to make their run to the ocean. So begins the life of a green sea turtle! In this coming-of-age introduction to these marine reptiles, readers will learn how mother turtles bury their eggs on beaches and then return to the ocean. The little hatchlings, with no parent to protect them, eventually have to leave their nests and make a danger-filled dash to the ocean. Then, these water babies must fend for themselves out at sea, finding food and avoiding enemies until they grow to become one of the largest reptiles on Earth. The colorful interior spreads and gorgeous photos of sea turtle hatchlings are sure to delight emergent readers.

Dive into the world's oceans to explore the adventurous lives of one of the oldest living animals. Descended from enormous prehistoric creatures, sea turtles are fascinating. Hatched from eggs smaller than a baseball, some can grow to weigh over a thousand pounds. Once adults, they can live to be around 100 years old. And when it's time to nest, they migrate more than 1,000 miles. With colorful, clear illustrations and straightforward text, Gail Gibbons introduces the eight kinds of sea turtles living in the ocean today. Learn the similarities and differences with labeled diagrams and experience the hatching of the tiny turtle babies with detailed

illustrations. This updated edition now includes the most up-to-date information about these beloved reptiles, as reviewed by an expert vetter in the field of herpetology. Sea Turtles also gives young readers an accessible overview of how the lives of these large reptiles have become threatened and discusses the conservation efforts currently taking place. Ideal for aspiring oceanographers, this brightly-illustrated book is a perfect introduction to the subject.

Yuri's Brush with Magic Holiday House Yuri's Brush with Magic by Maureen Wartski is an intelligent novel for preadolescents. Featuring Japanese folktales told in a contemporary setting, Wartski's adventure novel explores the complexity of family relationships and how generations-old misunderstandings can cause rifts that affect the children--and how to heal those rifts. Nine-year-old Tammy is worried--her mother lies in a coma and her father is overwhelmed. Out of nowhere her great-aunt, "Mean Yuri" Hamada, appears to whisk Tammy and her older brother, Ken, off to Emerald Isle. Ken plots to return home by impeding Yuri's resolve with acts of extreme brattiness. But Tammy is captivated by Yuri's storytelling, the way her brush brings old Japanese folktales to life on her canvas, her aunt's past. She's as concerned about a buried nest of loggerhead turtle that may not hatch. Wartski skillfully blends these subplots with themes of renewal and transformation.
